

## Anti-bullying Week Newsletter

At Kimberworth school we made a noise about bullying during anti-bullying week. We led an assembly where we talked about the difference between an argument with your friends and bullying.

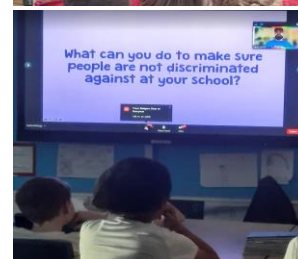

**Bullying is hurting someone REPETITIVELY, ON PURPOSE and has an IMBALANCE OF POWER. It can be physical or verbal, face to face or online.**

We explained how we can help as playground buddies by getting someone away from the problem, interrupting, speaking out and always, ALWAYS, telling an adult. We were nervous and excited about speaking in assembly but the other children were very polite and interested.

Also last week our new and improved friendship bench opened in the playground. It's a nice calm place where you can make friends to do activities or read books with.

Our playground is a very friendly place but don't forget that if you ever have a problem we are here to help! The Playground Buddies 😊😊😊

**Make a NOISE about bullying**

### Our School Rules

We have 5 rules at Kimberworth CPS to help keep everyone happy and safe in school. They are

- Work together to be the best that we can be
- Look after ourselves and each other
- Take care of our school
- Make good choices
- Tell the truth

Last week, each class thought about one of our rules and created posters, songs and presentations to tell us all why it is important and how to follow it.

### Anti-bullying Event

On Monday, a group of our new playground buddies went to an anti-bullying event at Gullivers Kingdom. There they worked with children from lots of other schools talking about the different types of bullying and how they can help.

They enjoyed taking part in lots of activities including drama (role-playing different scenarios) and performing a rap!
